Log:

In an arcane age, adventurers have arrived in the “new world” from wherever they originally came from in search of adventure, riches, destiny - something that drives them. Collectively, they are known as the “Showups.” This is their story.

For a variety of reasons, the heroes ventured into a remote pit dungeon known as the “Pools of Mugdulglub.” In it, they were attacked at many turns by all sorts of goo-beings who used various types of acid attacks.

Klissin Darkmantle was a warlord known to the dwarves only as The Anathema, a hexblade with a strange birthmark or deformity on his face of three odd lines. The party eventually identifies this warlord and destroys him, freeing the ooze from ever affecting the world again.
