Log:

In an arcane age, adventurers have arrived in the “new world” from wherever they originally came from in search of adventure, riches, destiny - something that drives them. Collectively, they are known as the “Showups.” This is their story.

Cisnaryth returned to Apreea along with a cadre of devils that he had made a bargain with. These monsters stormed the city of Ineas, burning and destroying. The heroes knew that they had a job to do. After locating a powerful dragon-slaying weapon, and finding the artifact that controls the agreement between Cisnaryth and the devils, the heroes create an ambush for the dragon. There is a great struggle in which the dragon’s weaknesses are targeted, but the heroes emerge victorious and the great dragon is destroyed.
