January 26-31 Travel

Group returns to Shumphold and drops off the new mercenaries.

### *February 1—Ostkrags*

Travel to base of Mt. Gaxto. Zerkwad casts a spell of Commune to find the location of the lost Silver Guard Armor, worn by the mercenary who fell off the cliff during the solstice battle. They found that the body was in an evil pit at the base of the mountain. They came to the cliff hole and realized that hadn't brought sufficient rope.

### *February 2—Shumphold*

They scour the castle for rope.

### *February 3—Cliff Hole*

They climb down into the cliff hole onto the bone pile. The pile gathered itself together into 10 undead mammoths who attacked the party by surprise. Many of the team took a lot of wounds, but Shump stiffened the resistance by summoning 16 berserkers from his magic horn. Eventually, they destroyed the mammoths and set out to search the complex. Giggles destroyed 3 white puddings, after having cold protection put on him by Zerkwad. They explored the dungeon, avoiding several potential dangers. Finally, they reached the chamber where the silver guard regalia had been taken and they fought through 50 blind poison death worms to retrieve it. Unfortunately, the worms killed and devoured Renly's new henchman Guy Cunning.
