Log:

Bilge Junction, February 16

After Knobulous recovered from his injuries, the gang decided to revisit Bilge Junction, the ghost-town where the Kobolds were hiding out. They spotted what looked like an abandoned blockhouse in the ruins and determined to search it.

Discovering a stair to an underground level, they climbed down and found an empty chamber. Stan went over and checked a pile of dungeon garbage only to be bitten by a poisonous spider. The spider bit him by surprise, paralyzing him. Knobulous killed the spider with a sling attack and they rushed over to Stan. Of course, Stan was the only one who had any hope of treating poison. They dragged him back to the surface and the whole way home, letting him rest for a couple of days to shake it off.

Bilge Junction, February 19

They returned to the spider chamber and searched it for secret doors, but did not find anything. They entered a corridor outside, which had 2 piles of dungeon garbage, out of which crawled 3 giant centipedes. (Stan of course has misused his move silently and alarmed the bugs). Beavis kills two of the centipedes and Knobulous the other without anyone getting poisoned. Keeping Stan back, they have Gnorman search the garbage, uncovering 100cp and a hammer and 12 spikes.

After an ineffectual check of the door, Beavis pushes it open and they enter a cross-wise corridor ahead. Stan fails to notice a pit trap in the floor into which Knobulous and Gnorman fall, taking damage. Beavis checks some dungeon garbage and finds 100gp. Stan spots a second pit trap and a spiral staircase to a lower level, which they decide to avoid. Turning the corner they find another garbage pile, which Stan inspects, fails to see another spider which poisons him again. Knobulous kills it. They take Stan and dump him outside under a pile of leaves.

Returning, they find a door near the corner, it is stuck, and Beavis fails to open it. Gnorman pushes it open to find 4 berserkers waiting inside. Knobulous puts all 4 to sleep with his sleep spell, and they dump them in a pit trap in the hall behind them. Beavis examines a chest, finding 100gp and a jewel worth 1000gp. Gnorman examines a barrel, but it's full of bilge water. Knobulous checks a second chest, disarms a dart trap, but find it is magically locked. Beavis uses his hand axe to try to chop through the chest, but this attracts the attention of 5 wandering Dwarves. They make a deal for the dwarves to stand guard while the gnomes open the chest for a 50/50 split. Eventually they chop it open and find 900sp and 900cp inside. They split it and part ways.

Climbing over some rubble in the hall, they find a room with 3 coffins inside. They all move silently into the room, Here they find 3 berserkers, looking for their pals. Knobulous fails a slng attack, Gnorman shoots 1 down and moves into the room, Beavis moves into contact. Next round, Beavis makes backstab, misses. Knob misses sling, Gnorman misses arrow shot. Low Rollers. Berserker attacks Beavis, hits for 3. Second one moves into contact Gnorman tries to Move Silently behind a berserker fighting Beavis, fails. Knob hides behind coffin (HS passes). Next round, both berserkers miss, Gnorman and Beavis each hit for 2 points. Knob tries to sneak around behind the berserkers to backstab.

Knob backstabs with dagger: for 6, killing 1 berserker Now, all three gnomes attack the remaining berserker and murderize him.

hey each check a coffin: Gnorman detects that his is locked and has scorpions inside; they decide to skip that one. The other two each have a jewel worth 300gp.

Checking a doorway near the rubble, it is stuck but not trapped. Beavis fails to force it, but tries again and succeeds, no surprise. Inside there are 2 goblins, the gnomes let loose a volley of missiles and kill both goblins instantly.

Passing back into hall, find an alcove without exit. Gnorman finds secret door. 3 orcs in creepy robes stand around a roasting pit and evil altar. Gnorman botches his stealth. Neither side surprised. Gnomes shoot missiles: Gnorman and Knob hit. Gnorn kills one, Knob wounds another.

Orcs have spears, and attack first, one misses Beavis, the other hit Gnorn for 2, bringing him to club Beavis misses, Gnorman misses by one, Knobulous manages to sneak up on one Orc.

Knob back stab hits for 4, in the club. Beavis finishes an orc, making a rampage attack, he lunges but misses the second orc. Gnorman misses. Orc misses. Orc has 5 morale, rolls 6 and turns to flee, but Beavis kills it.

Knob heals 3 points to Gnorn, brining him to full. Knobulous dagger and Gnorman's warhammer are both damaged in the fight. Knobulous unlocks the untrapped chest there. There are a silver dagger and Scroll of Read Languages inside. Gnorman fetches a battle axe from a dead berserker. Knob has a spare dagger, so they decide to proceed.

Moving out of this section, past the pit trap, they find a locked door Gnorman finds a trap and disarms it and unlocks the door. They fail move silently and are themselves surprised by a Giant Toad. It leaps into action and attacks Beavis hitting him for 2, but snagging him with tongue. Beavis quick draws his axe but misses. Knob and Gnorn switch to melee weapons. The toad bites Beavis for 3 more; Gnorn hits for 2, putting toad into club. Toad bites Beavis again for 4, putting him in the club. Gnorman finishes the toad. Knob fails First aid on Beavis. He drinks some wine, but is a bit wobbly. Gnorn checks garbage finds 100cp
