TO: Colonel Gun Lee, Detective Skip Jockly, Jax Tyvoid, Chum Lee, Doctor Horatio Spurlock, Captain Travis Bentley, Bill Watson, Simon Wahabi, Louis Fishbeen, Rodrigo Cortez, Albert Mufasa, Francis Polaski, and "Big Lou" Williams.

FROM: Judge Randolph P. Sakamoro, 3rd Circuit Court, Rhylanor

RE: Incident in Space Denny's 233, yesterday

DATE: Year 1111---Day 117

Gentlemen, after consulting the Omni-Eye 10,000 crime monitoring computer, the criminal actions that occurred yesterday have been adjudicated and sentences have been passed.

Captain Bentley, Mr. Watson, Mr. Wahabi, Mr. Fishbeen, Mr. Cortez and Mr. Mufasa, you have all been found guilty of attempted armed robbery, assault with a deadly weapon and breaking the peace against the persons of Francis Polaski and his above named acquaintances. You have all been sentenced to 15 years in the Magic Joyful Educational Fun Center, and have 7 days to report to the nearest police station to begin serving your sentences (once you have all been released from the hospital).

Doctor Spurlock, you have been found guilty of assault with a deadly weapon and armed robbery against the person and property of Francis Polaski and have been sentenced to serve 20 years in the Magic Joyful Education Fun Center. You have seven days to report to the nearest police station to begin serving your sentence.

Colonel Gun Lee, you have been found guilty of receiving stolen property (namely a briefcase which you accepted into bailment by deactivating the circuits of your carrying robot). You have been sentenced to 180 days in the Magic Joyful Education Fun Center, and have 7 days to report to the nearest police station to begin to serve your sentence.

Detective Jockly, Chum Lee, Mr. Tyvoid, Mr. Polaski, and Mr. Williams, you have been found innocent of all charges, having acted in self-defense.

The contents of the briefcase in question cannot be legally determined, since the court has no cause for a warrant to access the Omni-Eye to determine those facts.

Sentenced Felons are reminded that your I.D. codes, biometric data, facial recognition are on file across the planet and at the star port exit terminals and that flight of the jurisdiction is impossible.
